

# BJ ROBERSON'S BIG CRIME SCENE: A PARKING LOT SHOPPING CART.

He called Molly "soft on crime" over HB 1689.

SOFT ON  
**CRIME!**  
IT'S A  
SHOPPING CART!

I'm literally  
a shopping  
cart.

## REALITY CHECK:

- ✓ **HB 1689** targeted shopping carts removed from retail parking lots.
- ✓ Penalty: up to 1 year in county jail and a \$1,000 fine.
- ✓ Molly Jenkins **voted no** because Oklahoma already has numerous theft and larceny laws on the books for this problem.

★  
**TOUGH ON REAL CRIME.**  
TOO SMART FOR POLITICAL THEATER.

# DESPERATE ATTACKS. HERE ARE THE FACTS.

**SOFT ON CRIME!**

BJ Roberson and his professional muckrakers keep throwing the kitchen sink. Molly Jenkins reads the bills, rejects bad ones, and refuses lobbyist money.

I'm still a shopping cart.

## THE SMEAR MACHINE

BJ Roberson has given thousands of dollars to the same political muckraker firm behind the now-infamous fake AI video showing Mike Mazzei in the Oval Office with Hillary Clinton. **IT WAS FAKE. AI-GENERATED.** Now that same style of desperate attack politics is being aimed at Molly Jenkins.

## TOUGH ON REAL CRIME. TOO SMART FOR POLITICAL THEATER.

**ATTACK:**  
"Molly votes with Democrats."

**FACT:**  
In 2026, Molly ranked **2nd out of 101** House seats in voting **AGAINST** Democrat-sponsored bills.

**ATTACK:**  
"Molly voted against roads."

**FACT:**  
Molly opposed one bill because it tied up ODOT with red tape, but she supported a different bill that sent even more money to roads. Molly believes roads are a core purpose of government — and that transportation policy should be efficient.

**ATTACK:**  
"Molly took money from a state legislator."

**FACT:**  
Molly accepted a campaign contribution from Sen. Randy Grellner, Molly's constituent. The two often work together in the conservative caucus.

**ATTACK:**  
"Molly is soft on crime."

**FACT:**  
BJ's example was HB 1689 — the shopping cart bill. It tried to create yet another law, even though Oklahoma already had theft and larceny laws covering this conduct. Molly will always default to voting against unnecessary new laws when current laws already suffice. The bill *didn't* even get a Senate hearing.

As election day nears, the desperate attacks will continue. Molly is always happy to take your call and explain the facts behind the attacks.
